COLLEGE OF INFORMATION TECHNOLOGY

June 1, 2026

To all concerned Unit Heads,

Good day.

This is to formally inform you that the On-the-Job Training (OJT) services of selected IT student/s from your office will be temporarily put on hold for the duration of the mid-year term. The reason for this is that these students are currently carrying a full academic load due to subject deficiencies, which requires their full attendance and focus in class.

Rest assured that after the end of the mid-year term, the student/s shall resume their OJT services and continue their assignments in your office.

We sincerely apologize for any inconvenience this temporary arrangement may cause and appreciate your understanding and support.

Thank you very much.

Very truly yours,

DENNIS C. GABON, DIT
OJT Supervising Faculty

Attested:

GINEO B. JUEGO
Dean
